

LINNEY STUDIO

*A versatile, purpose-built, soundproof film
production and photography studio located
just outside Nottingham*

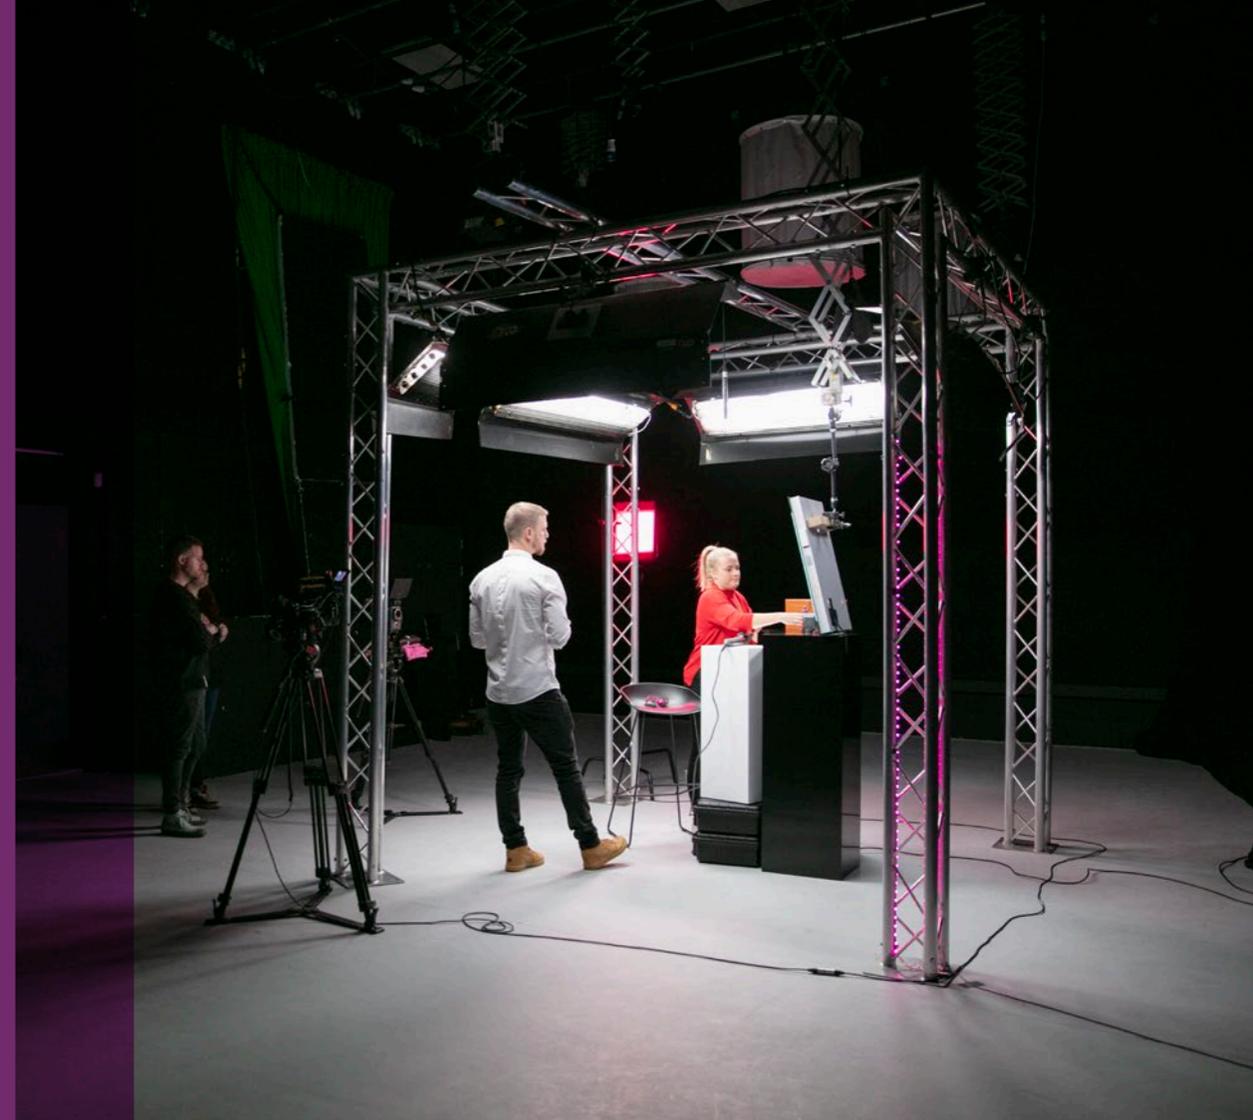

*t: 01623 450 625
e: film@linney.com
w: linney.com*

Adamsway, Mansfield, Nottinghamshire NG18 4FL

THE SPACE

From large single set builds to multiple sets, with a shooting floor space of 15m x 8m and 5m height to lighting grid, a 360 blackout or 4m x 5m x 7m green screen cove there's ample space for almost any set up you could ever need.

Pre-plan your angles and lighting in advance using our VR studio model. The 3D studio model, including framework, can also be provided to aid with post-production.

WHO WE ARE

Draw on the wider expertise and resources of a leading UK creative marketing business that extends beyond our team of camera operators, producers, scriptwriters and film editors.

Our experienced gaffer, set builders, designers, lighting specialists, stylists, and sound recordists – along with our artworkers and printers – can help take your project from concept to screen.

Already have your team in place? Then simply dry-hire.

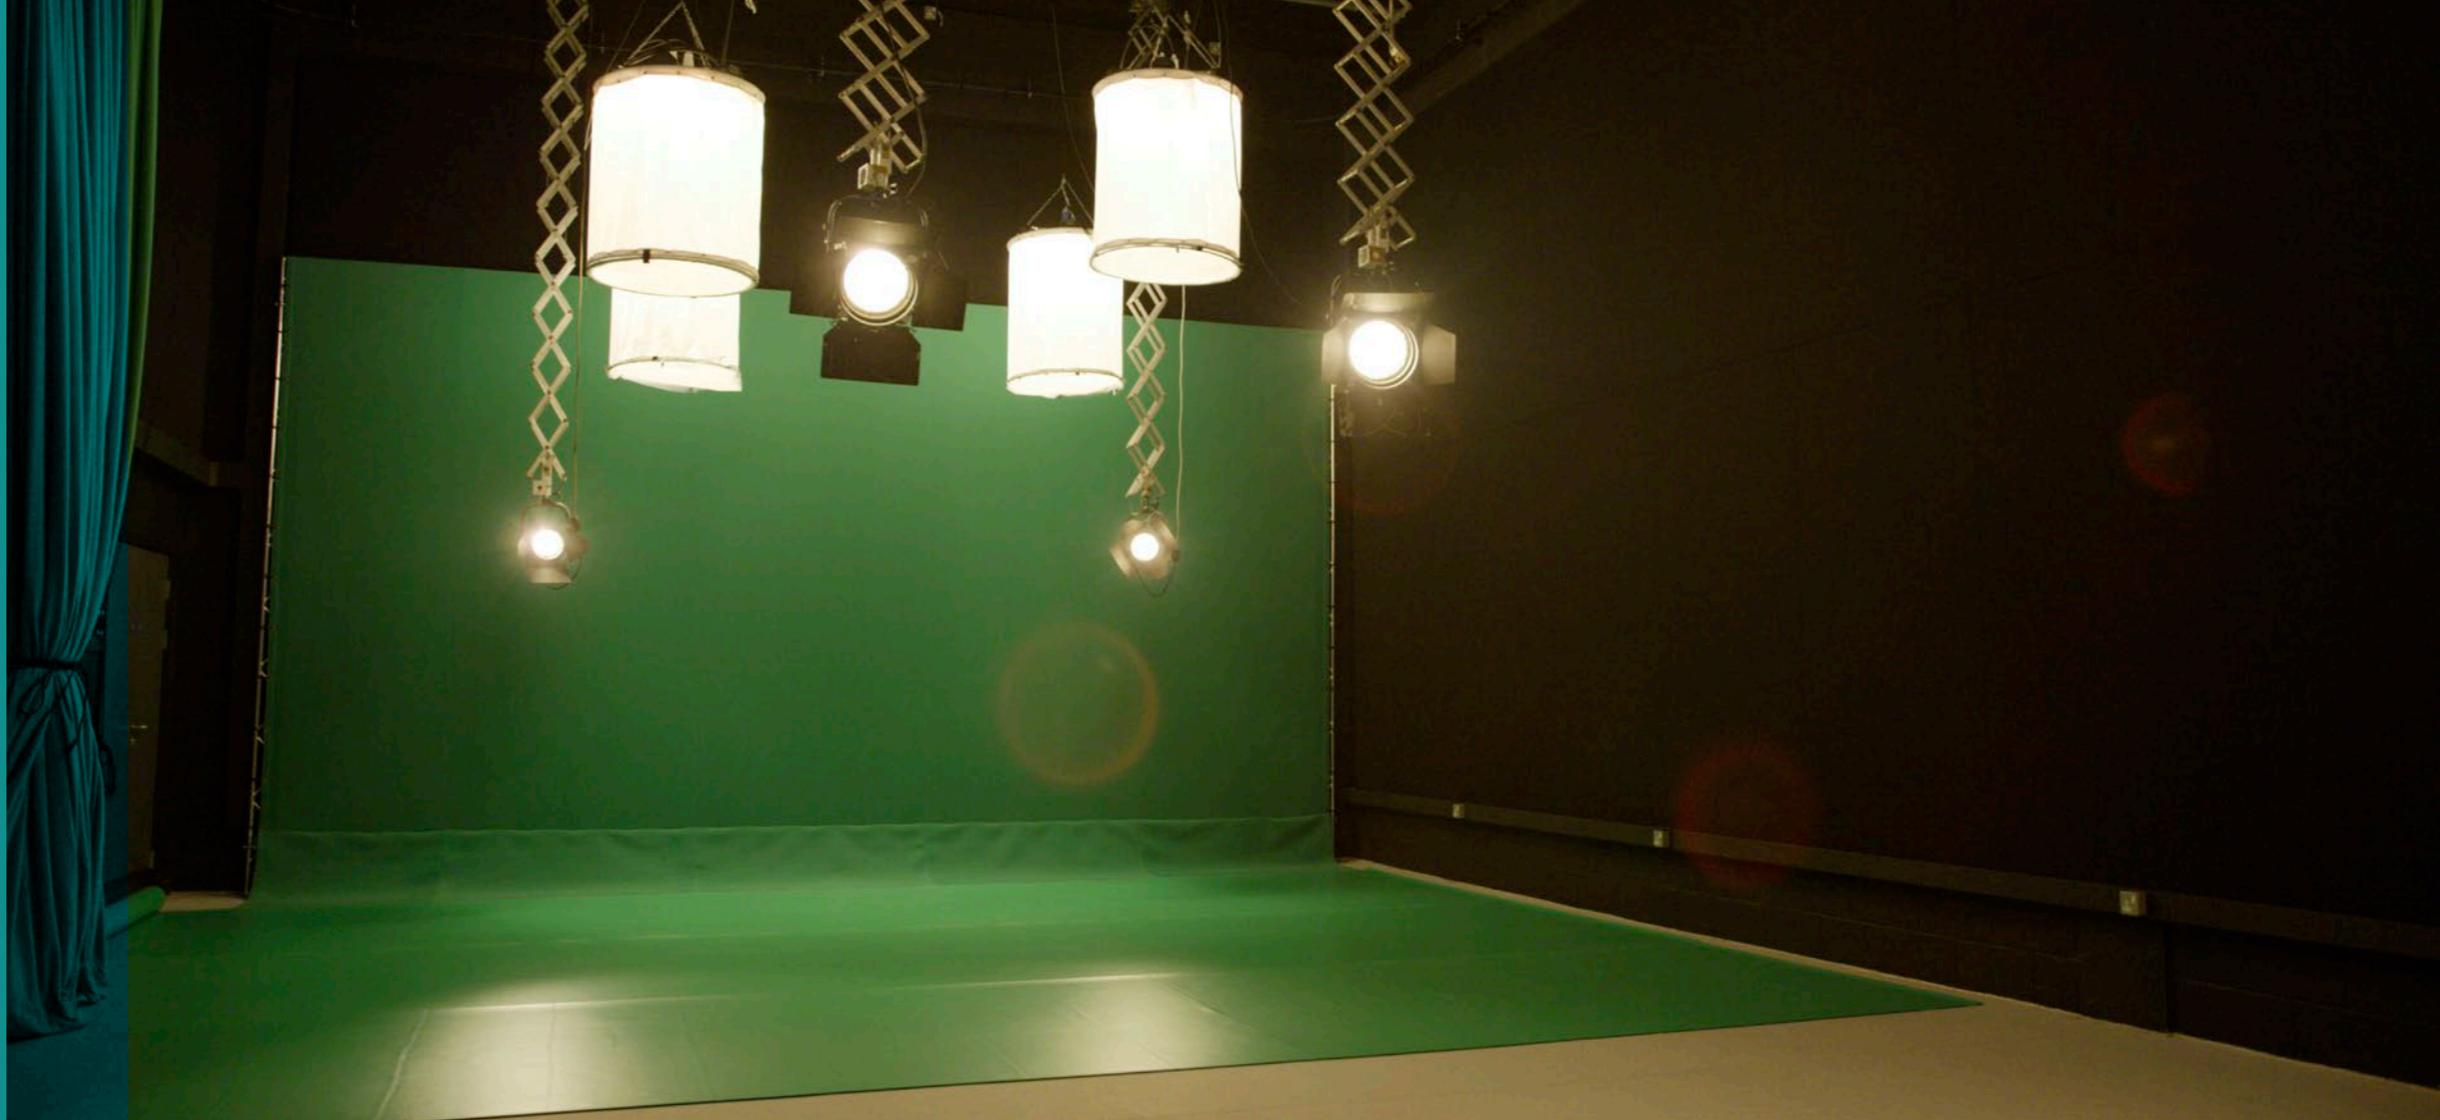

STUDIO FEATURES

This fully sound-proofed, flexible facility can accommodate numerous set-ups at the same time – from full studio to table-top and even multiple sets.

Skirted by full height 360 black curtain drapes, it also features a 4m high green screen cove and 10 movable pantographs. Studio hire cost includes a studio gaffer/electrician.

Clients can benefit from access to lighting, grips and autocue equipment, acres of warehouse space and our van and truck fleet.

HANDY EXTRAS

Make use of our full logistics support fleet and enjoy ample free on-site parking with vehicle access to the studio floor. Your crew and talent can relax in our green rooms, camp out in our production offices, freshen up in our shower facilities and get shoot-ready in our make-up and wardrobe areas.

Tuck in to a selection of hot and cold catering options while logging on with free high speed WiFi.
